

2What is it?

The Legacy program is quite simply our way of showing our gratitude for our senior belts who have sacrificed so much to the legacy of our patch.

The success or failure of any organization is dependent on the contributions of its most senior and skilled members.

- Do you have a stake in ownership of the organization for which you have sacrificed so greatly?
- Do you ever feel that you and your skillset are taken largely for granted?
- Have you ever felt that your academy is driven solely by money?

Program Overview

Philosophy

We understand that the success or failure of our organization will depend on our ability to retain our senior members. We believe that we cannot afford to lose our senior belts to monetary disputes. Through our Legacy Program we seek to incentivize our art and pay our most dedicated members back.

Length of service

Achieving the various belts in the art of BJJ is a very long process. Athletes who obtain each rank have no doubt made significant sacrifices both personally, and professionally. These athletes are likely just as much to credit for the success of the organization as the staff.

A stake in ownership

Our Legacy Program gives our members a stake in ownership of our academy. Through our valued senior members, we will continue to grow and mature as an organization.

Who is eligible?

- 1) Athletes will qualify for Legacy membership upon maintaining an active 2-year membership and or achieving Blue Belt rank at the hand of Professor Clements.
- 2) Athletes officially transferring to Professor Clements will be eligible for Legacy membership upon maintaining a two-year active membership for each athlete seeking admittance to the program.
- 3) Athletes seeking re-admittance to Legacy membership must complete a 2-year qualifying period of active uninterrupted membership.

“Legacy Members are the embodiment of the dedication and sacrifice required to succeed in the art of BJJ.”

Teaching requirements

Legacy members are required to meet monthly teaching requirements to ensure their versatility, understanding and mastery of the art. Each practitioner must learn to teach the art in order to ensure its success and dominance into perpetuity. The art cannot succeed if those it is entrusted to have no ability to manipulate it successfully for the end user. This path will ensure that athletes are prepared to receive their “Professors Bars” upon their 2-year mark as a black belt.

Requirements?

Financial Responsibility?

Legacy members are required to maintain a monthly uninterrupted membership throughout the duration of their participation in the program. Athletes must maintain an affiliation with Professor Clements as their promoting instructor throughout the duration of their participation in the program. Members failing to maintain an active membership will be suspended from the Legacy Program. Athletes transferring instructors will be suspended from the Legacy Program.

“Supporting the academy financially through tough times is the single greatest way to ensure its survival.”

Transfer Students

Throughout their tenure at Sidewinder BJJ, students who transfer under Professor Clements from other professors can and will likely contribute just as significantly to the academy as their in-house counterparts. The legacy program is admissible to them as well. Transfer students wishing to gain admittance will receive consideration pursuant to completing a 2-year probationary period during which they meet all requirements of the program.

Students completing the 2-year probationary period will be considered for admission at their first rank awarded by Professor Clements. Those students must then maintain their status within the program just as any other legacy member.

Our most senior athletes are massively invested in the future of the organization. Their personal sacrifice has been immense, and it is our wish to ensure that we never lose one of our most valued senior athletes. Athletes essentially work toward their Black Belt and a lifetime of free tuition at the Sidewinder Bjj HQ.

The Ultimate Goal?

The Coveted Legacy Black Belt!!

Legacy Black Belts qualify for a LIFETIME MEMBERSHIP that is free of charge. Their sacrifice and dedication, unmatched, they have made their mark and contributed to the past, present and future of our esteemed lineage.

Requirements for Readmission

Life happens. Athletes will find themselves up against priorities that might at times require them to separate from active affiliation with Sidewinder Jiu Jitsu and or Professor Clements. Athletes seeking readmittance to the Legacy Program will be required to complete a two-year probationary period. The athlete must maintain an active membership for every account seeking admittance to the legacy program. Upon receiving their next rank at the hand of Professor Clements, and upon completion of the 2-year probationary period, the athlete will be considered for readmittance to the Legacy Program at their new ranks discount level.

Disqualifying Events

1. Termination of account (financial non-payment)
2. Termination of account (moral or ethical considerations)
3. Transfer of student to another professor or instructor.
4. Voluntary separation of student from academy membership
